TUBERCLE

Index to Volume 61 (1980)

Aber, V. R., Allen, B. W., Mitchison, D. A., Ayuma, P., Edwards, E. A. and Keyes, A. B.: Laboratory studies on isolated positive cultures and the efficiency of direct smear examination 123

Acocella, G. and Conti, R.: Interactions of rifampicin with other drugs 171

Aderele, W. I.: Radiological patterns of pulmonary tuberculosis in Nigerian children 157

Agarwal, R. L.: see Jain, S. K. and Agarwal, R. L.

Allen, B. W.: Inhibitory effect of rubber on the growth of *M. tuberculosis* 91

Allen, B. W.: see Aber, V. R. and others

Ayuma, P.: see Aber, V. R. and others

Ayuma, P.: see Mitchison, D. A. and others

Batty, A.: see Grange, J. M. and others

Bek, E.: see Zierski, M. and Bek, E.

Berwald, L. G.: see Engle, H. W. B. and others

B-lactamase activity in slow-growing nonpigmented mycobacteria and their sensitivity to certain B-lactam antibiotics 207

Book Reviews 117, 270

Bronchography, reactivation of a tuberculous lesion following – 105

Burkhardt, K. R.: see Gatner, E. M. S. and Burkhardt, K. R.

Byfield, S.: see Mitchison, D. A. and others

Cephalosporins, *In vitro* susceptibility of atypical mycobacteria to – 39

Chaparas, S. K.: see Vandiviere and others

Chobot, S.: see Kubin, M. and others

Contamination phenomenon in the culture of tubercle bacilli, mathematical study of the – 221

Conti, R.: see Acocella, G. and Conti, R.

Controlled clinical trial of four short-course regimens of chemotherapy for two durations in the treatment of pulmonary tuberculosis: Second Report 59

Direct smear examination, Laboratory studies on isolated positive cultures and the efficiency of – 123

East African/British Medical Research Council: controlled clinical trial of four short-course regimens of chemotherapy for two durations in the treatment of pulmonary tuberculosis: Second Report 59

Edwards, E. A.: see Aber, V. R. and others

Edwards, E. A. : see Mitchison, D. A. and others

Engel, H. W. B., Berwald, L. G., Grange, J. M. and Kubin, M.: Phage typing of *Mycobacterium kansasii* 11

Engel, H. W. B., Berwald, L. G. and Harelaar, A. H.: The occurrence of *Mycobacterium kansasii* in tapwater 21

Enzyme-linked immunosorbent assay (ELISA): A study of antibodies to *Mycobacterium tuberculosis* in the IgG, IgG and IgM classes in tuberculosis, sarcoidosis and Crohn's disease 145

Enzyme-linked immunosorbent assay in tuberculosis using purified tuberculin antigen, diagnostic potentialities of – 87

Fibreoptic bronchoscopy in the diagnosis of pulmonary tuberculosis 97

Fieselmann, J.: see Sopko, J. A. and others

Fourie, P. B., Gatner, E. M. S., Glatthaar, R. and Kleeberg, H. H.: Follow-up tuberculosis prevalence survey of Transkei 71

Fraser, C. E. O.: see Mahfouz, M. O. and others

Gatner, E. M. S.: see Fourie, P. B. and others

Gatner, E. M. S. and Burkhardt, K. R.: Correlation of the results of x-ray and sputum culture in tuberculosis prevalence surveys 27

Garcia-Rodriguez, J. A. and Martin-Luengo, F.: *In vitro* susceptibility of atypical mycobacteria to cephalosporins 39

Gibson, J.: see Grange, J. M. and others

Glatthaar, R.: see Fourie, P. B. and others

Grange, J. M., Gibson, J., Batty, A. and Kardjito, T.: The specifity of the humoral immune response to soluble mycobacterial antigens in tuberculosis 153

Grange, J. M., Gibson, J., Nassau, E. and Kardjito, T.: Enzyme-linked immunosorbent assay (ELISA): A study of antibodies to *Mycobacterium tuberculosis* in the IgG, IgA, and IgM classes in tuberculosis, sarcoidosis and Crohn's disease 145

Grange, J. M.: Recent European research activities in mycobacteriology 259

Grange, J. M.: see Engel, H. W. B. and others

Gupta, P. R.: see Sarkar, S. K. and others

Gupta, A. K.: see Tandon, A. and others
